### THE STATE OF NEW HAMPSHIRE.

*To the inhabitants of the town of Mont Vernon in the  
County of Hillsborough in said state, qualified to vote  
in town affairs.*

1. To choose all necessary town officers and agents for the year ensuing.

2. To raise and appropriate such sums of money as may be necessary for the support of schools for the maintenance of the poor, for repairs of roads and bridges, for Memorial day, for lighting streets and for any articles embraced in this warrant.

3. To hear the reports of agents, auditors, committees, and other officers heretofore chosen and pass any vote in relation thereto.

4. To take the sense of the qualified voters whether the alterations and amendments of the constitution proposed by the constitutional convention shall be approved.

5. To see if the town will raise and appropriate the sum of \$300 or some part thereof for the purpose of completing the high school year or act in relation thereto.

6. To see if the town will raise and appropriate the sum of \$500 or some part thereof for high school purposes in 1903 and 1904 or act in relation thereto.

7. To see if the town will vote to continue the concrete walk on road leading to The Grand, or act in relation thereto.

8. To see if the town will raise and appropriate a sum not exceeding \$200 dollars for the purpose of appropriately observing the one hundredth anniversary of the town settlement or take action thereon.

9. To see if the town will raise and appropriate \$100 for library purposes or take action thereon.

10. To see if the town will vote to sell the Platts land on Beech hill or act in relation thereto.

Given under our hands and seal the nineteenth day of February, 1903.

## Report of the School Board.

---

Board of Education presents to the citizens of Mont Vernon this report of the schools for the year 1902.

At the regular town meeting held in March, Annie Perham was reelected to the board for the ensuing three years. Mrs. Carrie Trow was elected as treasurer of the board. The school report, through over-sight, was omitted from last year's report, but was read at the annual school meeting; as it contained a complete list of the school books and apparatus it was voted that a copy of the report be inserted on the town records.

On account of the requirements of the state law relative to high schools and as the town must provide an approved school, or bear expense of sending the children out of town, the trustees of McCollom Institute bravely met the demands of the state by securing an approved course of study for their school, and as two teachers are demanded by the state the trustees count the town benefited by such teachers as Rev. Henry Porter Peck as principal and Miss Louise Williams as a competent assistant.

Parents and citizens will do themselves and the scholars a favor by visiting that school and note the progress of their scholars. If we are to have efficient office holders we must put by all prejudices and work with the trustees and school board to bring about just results for the children. Whereas, we know that we fall far short of the ideal, we endeavor to do what we can for the children.

The village primary and grammar school was again moved into its old quarters. It seemed too bad to go back to such a room after a year's work in a well ventilated and heated building, but the time has come when our school building must have a certain sum of money

expended and its walls made fresher by adding a good coat of paint.

Miss Fredella Hudson has had charge of this school for five terms. Miss Mary A. Keefe, teacher at the east; Miss Hortensia McMillan at the west school. We have had for the past two terms two scholars attending this school from New Boston. Of course we receive extra pay for their attendance.

Miss McMillan, last spring, told her scholars if they would earn what they could during the summer she would add enough to the fund to purchase a nice, large flag for the school. The flag was purchased at the beginning of the fall term. It is a nice one and all are proud of it.

The south school has been in charge of Miss Ethelle Hutchinson. As this has been our smallest school there has been but one session each day, hours from 9 a. m. to 2 p. m., with usual recesses. This plan was freely agreed to by the parents of the children.

As you see, each teacher has been retained throughout the year. This should count for something. New historical readers, new histories, new elementary geographies and a certain supply of apparatus, as all schools need, have been added.

We have learned that about the same amount of work has been accomplished in one school as in another. Test questions have been exchanged among the schools and fairly good results have been noticed. If our children cannot be brought together and a graded school established, with the teachers' cooperation, systematic work can be carried along by exchange of monthly test questions on each subject, although the results may not be quite as promising.

We feel that we have had the good will of the citizens and parents, and it helps us in our work.

Respectfully submitted,

FRANK O. LAMSON,  
CARRIE F. TROW,  
ANNIE S. PERHAM,

School Board.

## Report of Trustees of the Library.

---

We, the owners of the library, have used it more during the past year than ever before. Out of it we have gleaned information and received inspiration to do life's work better and with greater zest.

In the year to come it is the unavoidable duty, as well as privilege, of every inhabitant of this, the town of towns, the Elysium of all the world, to use this potent means of fitting themselves for higher spheres and better places in other worlds.

The trustees will be pleased to receive any suggestions looking to the making it more advantageous to the people. The one object in view all of the time is to make it inclusive rather than exclusive. And we earnestly urge every body to avail themselves of these advantages. Knowledge is not only power but it's the very well spring of true and ever-present comfort and happiness.

WILLARD P. WOODS,  
Sec. Trustees.
